

Mika, Make You Happy

All I wanna do is make you happy x6

Baby you ain't tryin',
If I said I'm upbeat, I'd be lying,
Show me what your hiding,
But if this is love then watch me die on you.

All I wanna do is make you happy x3

Maybe you can't hear me,
But I feel like screaming when you're near me,
Save me from your theories,
At the very least just let me cry on you.

Undervalued, I can't be far from the truth.
Baby something or other.... (?)
All I wanna do is make you happy x6
Love and hate each other,
If we can't get it together, you know we'll never ever ever.
Fix a heart don't break it,
Can't you see the love around you?
You know, you're crazy not to take it.
Under valued, I can't be far from the truth.
(then the line that I can't understand...)

All I wanna do is make you happy x6

Whatchya gonna do? I am not over you. x4

Never gonna give you up, never gonna (?)
Where's it gonna end up?
I'm never gonna let you down. x4
All I wanna do is make you happy x3
