

Mika Nakashima, Shadows of You

Sukima naku hirogaru manten no hoshi ga
Onegai yo douka hitori ni shi nai de...
Hane no nai anata wa kaeritsuku noni
Dare yori mo toki ga kakatte shimau no ne
Watashi no sora wa itsumo
kumo ga oou kara

I will be waiting

Waiting for the moon

Knowing that shell bring shadows of you

Kanawa nai naraba semete nemurasete

Moshi anata dareka daite shimatte mo

Kokoro dewa watashi wo mite

I stay alone in the dark

Too hung-up to fall asleep

Im trying to fly to you

If only I could dream so deep

And for you I light a candle

Thoughts of you will keep me warm

This flame is too much to handle

The calm before the storm

Soko kara nukedashite yo...

Tatoe saware nakute mo.

I will be waiting

Waiting for the moon

Knowing that shell bring shadows of you

Dakara anata igai chikaduke wa shinai.

Mourou to shiteru watashi wo okoshite

Itsu ma demo naite hoshii

Ill wait for you no matter how long its taking

Or how much my hearts breaking

Dont leave me in the dark tonight

Toketeku mahiru no tsuki he kokuhaku wo

Mezame nai watashi wo hane wo anata he to

Mou ichido yume wo toiki de terashite

I will be waiting

For another sunny day
