

# Mikaila, It's All Up To You

Everytime we talk about the future  
You run away  
Why do you always see the danger?  
You're so afraid  
I'm not the one you should fear  
'Cause I'll always be here  
Show me how much you care  
We can make it anywhere

Chorus  
How will I know what's on your mind  
This time?  
How will I know your love can be forever  
Am I the only one that you want?  
Half a heart will just not do  
Now it's all up to you

Baby when I feel we're getting closer  
You turn around  
Saying all the things we're not supposed to  
You let me down  
I'm not the one you should fear  
'Cause I'll always be here  
Show me how much you care  
We can make it anywhere

Chorus  
I wanna know what's going on  
I have been waiting for so long  
Tell me the reason why you make me cry  
When all I want is you

Do you remember days of joy?  
Can we bring back what we've destroyed  
Tell me the reason why you make me cry

Chorus  
Half a heart will just not do  
Now it's all up to you
