

Mikaila, My Heaven

I have this vision I keep inside me
I've told to nobody else
Baby I'm gonna share it with you
Cause I can't keep it all to myself
I could tell you I don't want you
But you know it's a lie
You see the truth in my eyes

Chorus:

You are my heaven
You are my secret dream come true
My Heaven
And I want it just like this every night
And I wanna feel like this the rest of my life

Just like the sunshine when the rain is over
I looked up you were there
I'm giving thanks to the one who made you
You've answered every one of my prayers
Only you look deep inside me
And see who I really am
Only you understand

Chorus

Never knew anybody out there
Could undo me like you do
You made my fantasy so very real
A world I never knew

Chorus
