

Mikaila, Perfect World

Spoken:

I can't believe all the games you've played
You had it all and you threw it away
Maybe I'd still be your girl
If we were livin' in a perfect world

C'mon, c'mon
It's a thin line
Between reality and fantasy
You coulda been mine
But it's over now
It wasn't meant to be

It's a hate crime
Anyone could see the way your treated me
Do I look like I was born yesterday?
You coulda won an award for the part you played

Chorus:
If we were livin' in a perfect world
You would never disrespect your girl
You'd know better than to lie to me
Playin' games where my eyes can see

If we were livin' in a fairy tale
And I was wishin' at a wishing well
Maybe I'd still be your girl
If we were livin' in a perfect world

You didn't realize
That you had the best
Now you failed the test
You had the first prize
And threw it all away
Now there's a price to pay
Look in my eyes
And you'll know the score before i close the door

The judge and jury has sentenced you
You're guilty of breakin' my heart in two

Chorus

Too bad
Look at who's sorry now
What goes around comes around
Watch out as the rain comes fallin' down

Do I look like I was born yesterday?
You coulda won an award for the part you played

Chorus 2x (fades)
