

# Mike Candys, Brand New Day (feat. Evelyn & Carlprit)

Evelyn:

See the sun in the sky, let's have a good time  
Life is going on, this is a brand new day  
Dance and feel fine, we see the stars shine  
Life is going on, this is a brand new day

Carlprit:

It feels like a brand new day  
We made it, that's right  
This is a brand new day  
Let's celebrate, come on

Evelyn:

See the sun, this is a brand new day  
See the sun, this is a brand new day

Carlprit:

We taking off, this is a brand new day, so thank God  
Holding ass so we ain't gon' stop  
A celebration tonight we rock  
Woke up in the morning feeling like a brand new man  
The sun still shines and the world didn't end  
And the kids still playing, and the world can stop  
And boom thank God for making my friends  
So take your chance to make the world alright  
Tonight's the night, we gon' go all night  
It's a party right to celebrate your life  
Better yet, we'll celebrate all night  
Cause main can't have the world shaking,  
The world didn't end when they said it will  
But instead we're here, and we made it  
To the brand new day that we're making

Evelyn:

See the sun in the sky, let's have a good time  
Life is going on, this is a brand new day  
Dance and feel fine, we see the stars shine  
Life is going on, this is a brand new day

See the sun, this is a brand new day  
See the sun, this is a brand new day

Carlprit:

So let's let it go, free your mind and you free your soul  
Free your soul and you free your whole,  
Free your whole and you free your soul  
It's a brand new world and we made it  
So let's jum' and get the world shaking  
Or better yet, bring it back, we'll take it  
And let's spread the love that we're making

Uh, life is going on, this is a brand new , brand new day  
We got the beautiful Evelyn, the miraculous Mr. Mike Candys  
And I'm still Carlprit

Evelyn:

See the sun in the sky, let's have a good time  
Life is going on, this is a brand new day  
Dance and feel fine, we see the stars shine  
Life is going on, this is a brand new day

See the sun, this is a brand new day  
See the sun, this is a brand new day  
This is a brand new day
