

# Mike & The Mechanics, The Ghost Of Sex & You

It was an unbelievable night  
She was an unremarkable girl  
You may not call it poetry  
But it changed my world

It was an unforgettable dawn  
She was an indisputable fact  
Even if I could have  
I might not have it back

It's an unexceptional day  
She's an unavoidable truth  
Uncompromised elation  
Suspended since my youth

It's an unforgivable lie  
I have nothing in my defence  
There can be no forgiveness  
To caution this descent

It wasn't in a dream  
A film or on tv  
This was really happening  
Happening to me  
Though I may protest  
Suggest I never knew  
The ghost comes back to haunt me  
The ghost of sex and you

I held her hand outside the hotel  
Kissed her mouth in the back of the car  
Whether fact or fantasy  
I knew we'd gone too far

I feel her breath on the back of my neck  
She's lying naked here on the floor

Wrap the sheet around her  
Disappear beyond the door

It wasn't in a dream  
A film or on tv  
This was really happening  
Happening to me  
Though I may protest  
Suggest I never knew  
The ghost comes back to haunt me  
The ghost of sex and you
