

Miley Cyrus, Clear

Its six A.M. and I'm wide awake
Cause I can't stop thinking
About the stuff you were saying to me
And I can't let it slide
The paper's not here yet the suns not up
But I'm not afraid to tell you what I feel inside
I had one of those dreams that makes it all so

Clear to me now
I got a whole new perspective
It's so Clear to me now
You can't treat me that way
It appears to me
How long you tried to make me think it was me
Who was being the fake
So Clear

Why did I smile when I hurt inside
Said I was okay when I knew it's a lie
I wanted to believe in you
You took your chances and one was me
So I'll just forgive you and set you free
I'm on my way
Yeah I'm stepping out of the haze and its so

Chorus

I wanna put the past behind
Try and maybe I can find better days
First time in a while
I think I even feel a smile on my face

Chorus

Suns going down on a Saturday
And I feel all right and I feel OK
