

# Miley Cyrus, Let's Dance

The weekend's almost done  
The moon is low in the sky  
I feel like goin' out  
Before the night passes by  
I won't just sit around  
When life becomes a drag  
I dance

I like the bass (turn it up, turn it up, turn it up)  
I like the boom (turn it up, turn it up, turn it up)  
I need guitar (turn it up, turn it up, turn it up)  
I like that drum when it goes boom boom boom

Let's dance  
What the weekend  
What the night is all about  
Let's dance  
Grab your girlfriends  
Grab your boyfriends  
Sweat it out  
Let's dance  
(Move your whole body)  
(Let's start the party)

Too much rock for one girl can make her go crazy  
I need someone to dance with me baby

The music's on (turn it up, turn it up, turn it up)  
My favorite song (turn it up, turn it up, turn it up)  
The beat is strong (turn it up, turn it up, turn it up)  
We'll dance  
Come on

Let's dance  
What the weekend  
What the night is all about  
Let's dance  
Grab your girlfriends  
Grab your boyfriends  
Sweat it out  
Let's dance  
(Move your whole body)  
(Let's start the party)

Too much rock for one girl can make her go crazy  
I need someone to dance with me baby

Keep movin'!  
Crank it up!  
Yeah

When the night says hello  
Yeah get ready to go  
Turn it up  
Turn it loose  
Yeah you got no excuse  
Just take a chance  
Get out on the floor and dance

Let's dance  
What the weekend  
What the night is all about  
Let's dance  
Grab your girlfriends

Grab your boyfriends  
Sweat it out  
Let's dance (let's dance)  
And let's start the party

Let's dance  
What the weekend  
What the night is all about  
Let's dance  
Grab your girlfriends  
Grab your boyfriends  
Sweat it out  
Let's dance  
(Move your whole body)  
(Let's start the party)

As soon as my album goes number one  
We'll be livin like a roller with 40 diamonds
