

# Milk & Honey, Didi

On a dark desert day in a land far away  
you took my heart - that's the price that i pay.  
Why'd you hurt me this way, wish you'd come back and stay.  
Just remember the promise we made.  
didi, didi, didi, didi, zine di wah (2)  
didi wah, didi, didi di hazzine didi di ya weeyeaheh

You used to be my one and only lover.  
You went away and left me for another.  
Now you wanna come back to me  
(both) uh didi didi  
You tell me we should get together.  
I tell you no no, never ever.  
Baby can't you see now I'm free
