

Milk Inc, Life in your suitcase

One last smile
Kiss on the cheek
One last look
No words left to speak
You packed your whole life in your suitcase
But you forgot to take
You forgot to take me
You forgot to take me
One last smile
Kiss on the cheek
One last look
No words left to speak
You packed your whole life in your suitcase
But you forgot to take
You forgot to take me
You forgot to take me
