

# Millencolin, Domestic Subway

You've got so many things going your way today  
but still you are lonely and noone listens to the things that you say  
depression is a lesson that you really gotta hold on to  
or is it fucked up anyway for you

You've got so many things to say but that wont help you anyway  
because you're messed up and you're lost in other peoples thoughts

Tough situation you believe that you're afraid of yourself  
you're looking around for directions and clues  
but you should look somewhere else  
cause somewhere inside you you can find the strength you are searching for  
or is it fucked up anyway for you

Do it for yourself today you have to find a way so do it for your self.
