

# Millencolin, Flippin' Beans

I got a plan for you and I  
I wanna take you to for this ride  
Across the flippin' beans  
I'll sit and wait for you and me

I want and I feel  
That piece of you  
That I see that's for me

You say you really hate it too  
You say you wanna take a highgrip  
Inhale gasoline  
You sit and wait for you and me

Stranger in a strange land  
That's what I am  
You turn away from me, it's like, boom and bam  
I got to see you, cause you blew my mind  
And now you gonna die, so don't ask why
