

# Millencolin, Flower Treatment

When I told you how I feel about you  
You told me nothing back  
Though in her place I relate to that

Treat me as you treat yourself

You're afraid of your inner side  
Be aware of what make your rules  
You better show me what you really feel  
That's why you feel all alone

You got problems, what I got too  
See it in the things that we both do  
When you try to ridicule you expose yourself  
You're the one, you're the one, who has to change

You have to change, you're the one who has to change
