

# Mindless Self Indulgence, You'll Rebel To Anything

You don't mean it  
You need a uniform  
So you won't be ignored  
You are affected  
And so you're accepted  
It's time you invested in a bottle of poison  
So we don't have to hear about you bitchin and moanin  
You think you could afford a fuckin bottle of aspirin  
Boo fuckin hoo you're not the only one whose live's a piece of shit  
And yet miraculously somehow we all seem to deal with it  
Did anybody think that you would really seriously slit your wrists  
In fact I think that everybody thinks you're seriously full of shit  
You don't mean it  
You need a uniform  
So you won't be ignored  
You are affected  
And so you're accepted  
It's time you invested in a bottle of poison  
So we don't have to hear about you bitchin and moanin  
You think you could afford a fuckin bottle of aspirin  
You think you're saying something relevant as you connect the dots  
You never realized you have to get in line to suck a cock  
You're telling me that fifty million screaming fans are never wrong  
I'm telling you that fifty million screaming fans are fucking morons  
You don't mean it
