

# Ministry, Game Show

Cuttin' pictures from a magazine  
A paper smile but not from you to me  
Another statue in a horoscope  
A breakfast alone  
Another compromising ?  
Another game show  
The game show  
The game show  
I pass the time away before I sleep  
I have your picture sitting next to me  
I taped your picture in a book  
Don't bother reading I just take a look  
Don't have to turn the page before I know  
So full of answers I don't need to know  
I like to take control / Our life was just a joke  
I like the game show  
The game show  
The game show  
Don't have to turn the page before I know  
You ask me questions I already know  
The time has finally come to let you know  
I like to take control / Our life was just a joke  
I like the game show  
The game show  
The game show
