

# Ministry, The Light Pours Out Of Me

Time flies  
Time crawls  
Link an insect up and down the walls

The light pours out of me [x2]

The conspiracy of silence  
Ought to revolutionize my thought

The light pours out of me [x2]

The cold light of day pours of of me  
Leaving me black and so healthy

The light pours out of me [x2]

It jerks out of me  
Just like blood  
In this still life  
Heart beats up love

The light pours out of me  
Pours out of me....
