

# Ministry, What He Say

i've seen many countries  
argue about human lives  
but one thing that stays the same is  
the clubs are always full at night

pick out any far-out place  
like kenya or swaziland  
doesn't matter what the place  
they'll still be dancing to the band

(mumble mumble jumble)  
(garble warble farble)  
(mumble mumble jumble)  
(garble warble farble)  
(mumble mumble jumble) what he say?  
(garble warble farble)  
(mumble mumble jumble) what he say?  
(garble warble farble) let's dance!

say you've found a homeland? (move to it, move to it)  
say you've found a clubland? (get to it, get to it)  
now you've got a song? (groove to it, groove to it)  
got to find a partner (just get to it, get to it)

(mumble mumble jumble)  
(garble warble farble)  
(mumble mumble jumble)  
(garble warble farble)  
(mumble mumble jumble) what he say?  
(garble warble farble)  
(mumble mumble jumble) what he say?  
(garble warble farble) let's dance!

let's dance!

i've seen many a race of people  
argue many things before  
but there is one language that  
gets you understood for sure

not a language of the mouth  
it's only for the feet  
grab a russian by the hands  
and he will feel the need  
that's right!

(mumble mumble jumble)  
(garble warble farble)  
(mumble mumble jumble)  
(garble warble farble)  
(mumble mumble jumble) what he say?  
(garble warble farble)  
(mumble mumble jumble) what he say?  
(garble warble farble) let's dance!

let's dance!
