

# Mint Condition, U Send Me Swingin'

You send me swingin'  
Oh, you send me swingin'

chorus

I wait for a day

One sweet gentle sway

Sends your love right my way

Oh, you send me swingin'

You send me swingin'

Oh, you send me swingin'

I never thought I'd really find

Someone so beautiful and kind

Oh what you've done to me

With just the little things you do

That's got me crazy over you

And it's getting stronger

When I'm with you

I fall deeper in love (swingin')

This feeling is the one thing

My heart is sure of

So I

chorus

Oh, just thinking 'bout you

And all the things we can do

Together as one

If only you can see

How sweet your love is to me

So heavenly

No other way

To say just how I feel for you (swingin')

Everyday that passes

My heart grows closer to you

chorus

A chicka boom boom

Chicka boom boom

Swingin' on you babe

Swingin' on you

A chicka boom boom

Chicka boom boom

Swingin' on you

Swingin' on you
