

Miranda Sex Garden, Open Eyes

In a pasture, by an ocean
maiden lies with open eyes
frozen in the light of day
she sees him with her open eyes

In a pasture, by an ocean
maiden lies with open eyes
holding him in lonely arms
she sees him with her open eyes

In a pasture, by an ocean
maiden lies with open eyes
lonely as they breathe as one, she sees him
sees him with open eyes

With open eyes, she sees him (x7)

Trapped inside her dream of love so long ago
when she sees him she will see with open eyes
