

Mis-Teeq, Better Better

Make you feel
Don't you ever get restless
Don't you ever wanna chase a thrill
When you find in the spring
Is a natural thing
So very understandable
That your eyes will stray
And in an innocent way
You'll smile as he walks by
Or the juice running loose
From the food of a friend
My love's gonna taste much better better
Come I make you feel better baby
I can make you feel good (I can make feel good)
It doesn't matter whatever they do
As long as I make you feel better better
Come I make you feel better baby
I can make you feel good (I can make feel good)
It doesn't matter whatever they do
As long as I make you feel better better
La la la la la la.....
Move a little closer
Then ain't nothing that I got to hide
You're gonna see the grass
Is greener over on my side
If you wanna go for it
Don't even think about it
'Cos time will only pass you by
So take a tip
Think the thick of it
Are you down with making me feel better
Come I make you feel better baby
I can make you feel good
It doesn't matter whatever they do
As long as I make you feel better better
Come I make you feel better baby
I can make you feel good
It doesn't matter whatever they do
As long as I make you feel better better
I'll make you feel better, better, better, better
I'll make you feel better, better, better, better
I'll make you feel, I'll make you feel
Better, better, better, better, better, better, better
Make you feel
Move a little closer
Then ain't nothing that I got to hide
You're gonna see the grass
Is greener over on my side
If you wanna go for it
Don't even think about it
'Cos time will only pass you by
So take a tip
Think the thick of it
Are you down with making me feel better
Come I make you feel better baby
I can make you feel good
It doesn't matter whatever they do
As long as I make you feel better better
Come I make you feel better baby
I can make you feel good
It doesn't matter whatever they do
As long as I make you feel better better
Come I make you feel better baby
I can make you feel good

It doesn't matter whatever they do
As long as I make you feel better better
Come I make you feel better baby
I can make you feel good
It doesn't matter whatever they do
As long as I make you feel better better
La la la la la la la la la la la la la la la
(Make you feel good, make you feel good)
As long as I make you better, better
(Make you feel good, make you feel good)
La la la la la la la la la....
(Make you feel good, make you feel good)
