

Mis-Teeq, These Days

Ah Ah Ohhhhhhh

Mis-Teeq

Sometimes you get happy

Sometimes you get blue

No matter the reason life's about what you do

A little by little you make it somehow

No use for your worry the time is now.

These days

I'm walkin' on air

Just just if you dare and we'll fly (we'll fly so high)

These days

I feel so alive

Wherever we fall we'll survive.

Some people look forward

Some people look back

It's now that we're living and that's a simple fact

Don't ever forget it and don't be confused

Don't live to regret it or you will lose.

These days

I'm walkin' on air

Just jump if you dare and we'll fly (I'll fly so high)

These days

I feel so alive (I feel so alive)

Wherever we fall we'll survive (Oh oh).

These days

I'm walkin on air (Walkin on air)

Just jump if you dare and we'll fly (I'll fly so high)

These days

I feel so alive

Wherever we fall we'll survive (wherever we fall we'll survive)

Whatever we try

Whatever we do

We live and we die

It's all up to you

A new life will grow and follow it through

And rivers will flow and dreams will come true.

These days

I'm walkin on air

Just jump if you dare and we'll fly (we'll fly so high)

These days

I feel so alive (I feel so alive)

Wherever we fall we'll survive (Oh we'll survive)

These days

I'm walkin on air (I'm walkin on air)

Just jump if you dare and we'll fly (we'll fly so high)

These days

I feel so alive (I feel so alive)

Wherever we fall we'll survive

Whatever we try

Whatever we do

Just jump if you dare and we'll fly

Whatever we try

Whatever we do

Wherever we fall we'll survive

These Days.
