

Miss Kittin & The Hacker, Emotional Interlude

I just wanna be good
I don't wanna be rude
Take off your attitude
It's an emotional interlude
Gimme love food
It's all good
Please can you be
More delicate with me
Please can you handle me
More carefully
Please can you be...
(More carefully)
I don't wanna be rude
I just wanna be good
We all feel mute
Under our suit
Let me start, let me debut
Inner senses interlude
(More carefully)
Please can you be
More delicate with me
(More carefully)
