The more i got to know him the more that i liked him

Hes cocky like me nothing excites him

He dont settle for less hes one of a kind

Good qualities in a men is hard to find

The way he carries himself and the way that he walks

Hell make you fall in love BY the way that he talks

Sexy little smile with some big brown eyes

He deffently stands out from the rest of the guys

We get along so good its so hard to believe

But when we spend time he dont want me to leave

I keep him commpany im always by his side

On the days we dont kick it we just talk all night

He tells me how he feels and how his day was spent

The goods and the bads and the places he went

I dont question his buisness he tells me on his own

All the girls that he has on his celluar phone

They dont mean a thing no more than a fling

I wouldnt wanna feel that way about me

Start hasatate about letting him know the way that i feel

I dont want it to ruin our friendship and love
