

Missy Elliott, Crazy Feelings

(feat. Beyonce)

[Missy]

I was in love
That's what it was when I met you
In love
And no one could ever talk about you
But it sucks, so many lies and alibis
In love

[1] -[Beyonce and Missy]

Crazy feelings
Make me stay in love with you
Crazy feelings
Make me stay in love with you

[Beyonce]

So in love
I just didn't see the wrong you did
In love
But now that I know I can admit
It was love that made me a fool, a silly fool
In love, oh crazy

[Repeat 1]

[Missy]

You was always in my face, all the time
Even with 20/20 vision, I couldn't see you lie
You was always in my face, all the time
Even with 20/20 vision, I couldn't see you lie

[Repeat 1 until fade]
