Its very necessary on the contrary  
No you do not scare me is you drinkin Bloody Mary  
Police you betta hurry before I have to bury  
My attitude is bitchy cuz my period is heavy  
I used to drive a Chevy put 20s on that Bevy  
My nigga was the shit but then that stupid nigga left me  
But now Im luvin Larry but Larry go wit Terri  
And Terri is a freak but its his baby she will carry  
The life you lives a fairy, cartoon like Tom & Jerry  
My flow is legendary and ya style is temporary  
But yo you need to worry like Jason it gets scary  
The words that I spit dont fit in a category  
I guess my vision blurry my speech is very slurry  
Me without Tim is like Jamaicans wit no curry  
I guess its necessary so hurry nigga hurry  
Cuz when this album drop you wack MCs will all get burried
