

# Mnemic, Meaningless

We all seem so meaningless within our lives  
We all seem so meaningless within our truth  
I wanted you to be a part of me but now  
We all want to be something  
You all want to be something  
But you're lost

We'll never take it back cause our souls are lost  
Decreasing of the nation  
We'll never have them back cause their souls are lost  
Decreasing of the nation

Pocketful of empty promises  
I know you know the way to drag us down in nothingness  
Spending your time in raising the masterpiece of lies  
That suits us fine  
I wanted you to be a part of me but now  
We all want to be something  
You all want to be something  
We're lost

We'll never take it back cause our souls are lost  
Decreasing of the nation  
We'll never have them back cause their souls are lost  
Decreasing of the nation  
We'll never take it back  
We're just a damn lost nation  
(We're just a damn lost nation)

It goes on and on  
We are blind  
It goes on and on  
We are blind

Looking for an evolution  
But now you're on the edge and you're about to fall down  
Looking for an evolution  
But now you're on the edge and you're about to fall down

We'll never take it back cause our souls are lost  
Decreasing of the nation  
We'll never have them back cause their souls are lost  
Decreasing of the nation  
We'll never take it back  
(We'll never take it back)  
No, we're just lost..  
We'll never take it back  
(We'll never take it back)  
We're just a damn lost nation  
(Lost nation)
