

Mobile, Looking Out

Time burns, tide will it turn
Don't you burn yourself out artificial girl
Too bad the sun couldn't come
But you never get nothing done
Time turns you don't ever learn
'Cause your heartache keeps getting worse
My word it's a high red alert
In your own little empty world

Lookin' out for love
She comes down like a shooting star
Lookin' out for love
Just can't make no conversation
Burnin' out

Blind girl your life is a blur
Can't you see me walk out of your artificial world
Time flies you'll never get mine
Let it tick away baby you can't cross the line
Time turns you don't ever learn
'Cause your heartache keeps getting worse
My word it's a high red alert
In your own little empty world

Lookin' out for love
She comes down like a shooting star
Lookin' out for love
Just can't make no conversation
Lookin' out for love
Fireworks of desperation burnin' down

Don't you ever wonder why
You can't, you can't get it together
Don't you ever wonder why
You can't, you can't keep it together
Don't you ever wonder why
You lose yourself in someone else
You're losin' it over again

Lookin' out for love
She comes down like a shooting star
Lookin' out for love
Just can't make no conversation
Lookin' out for love
Fireworks of desperation
Lookin' for love, she comes down like a shooting star
Lookin' for love, spinnin' 'round and falling down

Burnin' out
