

Modern Talking, 10 Seconds To Countdown

You are the best - for all of times
You beat the rest - you're in my mind
Don't take away - this dream in me
Don't leave me here in misery
You are the best - from coast to coast
From east to west - love you the most
It's hard to win - you try your best
And we are sure - you'll beat the rest

Ten seconds to countdown
Ten seconds to know
Who will be the hero
Everybody loves the show

You are the champ - a hurricane
From heaven sent - you win again
Oh tell me where - the hero's gone
But you are here - we can't go wrong
The price is high - when dreams come true
Oh we can fly - it's up to you
It's hard to win - you try your best
And we are sure - you beat the rest
