

Modern Talking, Avec Toi

Avec toi, avec toi be the lady of my heart
I will cry, I will die if you love me

You're all I want, I told you twice
You are for me, my paradise
My heart, it makes a lonely sound to me
You had the love right in your eyes
But maybe you are telling lies
My heart, it makes a lonely sound to me

Avec toi, avec toi be the lady of my heart
I will smile, I will try, if you love me
Avec toi, avec toi
Give you all my heart, ce soir
I will cry, I will die, if you leave me

You are the first, you are my world
I'll never find a better girl
My heart, it makes a lonely sound to me
You are my love, you are my life
Without you, girl, I can't survive
My heart, it makes a lonely sound to me

Red, white, green and black - why you always make me sad
ABC and D - all my love for you is free
One, two, three and four - all my love you can't ignore
Tell me, that you're mine, baby, 'til the end of time
Tell me, you can't hide, that your love for me is right
One, two, three and four - all my love you can't ignore
