

Modern Talking, Who Will Love You Like I Do

Oh no matter where you are, you'll be my lucky star
Oh everynight, everyday, babe what can I say, oh
I love the way you smile, I hate to wait a while
Oh everynight, everyday, tell me there's a way
And I swear to you, baby I swear to you
Oh hey you, oh baby
Hey you, drive me crazy

Who will love you like I do
Who will make your dreams come true
Keep shining, keep smiling, baby
Who will love you everyday and night
Who will kiss you in the morninglight
Keep shining, keep smiling, baby

Oh no matter what I do, oh I do it just for you
Oh everynight, everyday, baby if you stay, oh
Maybe I'm wrong tonight, but maybe I'm so right
Oh everynight, everyday, come hear me pray
Oh I swear to you, baby I swear to you
Hey you, oh baby
Hey you, drive me crazy
