

Modest Mouse, Every Penny Fed Car

So you spilt every last penny into the car
And it still won't take you where you wanna go
So you spilt every last penny into the car
And it still won't take you very far at all
So you spilt every last penny into the car
And it still won't even barely leave your home
So you spilt every last penny into the car
And it still won't take you where you need to go
So you spilt every last penny into the car
And it still won't even barely leave your home
So you spilt every last penny into the car
And it still won't take you anywhere at all
