

Modest Mouse, She Ionizes And Atomizes

She ionizes and atomizes
then turns to sunlight

He realizes and itemizes
pulls harder than gravity

She ionizes and atomizes
then turns to sunlight
Florescent light bulbs will make
an absence of dark but
the light just ain't there still and she said,
"I am feeling empty,
The real lights can make you heavy but
never ever really empty
Florescent lights will always = Empty."
