

# Modest Mouse, The Fruit That Ate Itself

Take a drive in the wrong hand lane  
Got bad breath talking bout fresh rain  
my hand my hand gonna shake the same  
are you gonna be your own goddamn best friend  
well we taught the fruit how to eat itself  
it was hanging out alone all on the shelf  
how do I land  
cause I don't understand  
walk across the country shaking many hands  
and you're buying the product,  
but you didn't get that cos you already got it  
and you do not understand  
take a drive...  
black hole talking bout nothing  
you cant get the chicken or the stuffing  
going round and you think that your tuff  
when you cant kick ass  
take a drive on the downtown train  
wake-up so you can get drunk again well  
take a drive in the wrong hand lane  
got bad breath talking bout fresh rain  
we taught the mirror how to admire itself  
are you gonna get sick worrying bout your health  
where do I land  
I don't understand
