

Moe., Can't Seem To Find

I know, you like hangin' around
Cause we like the same things
I like hangin' around
I know, I like being around
It's not the same thing
I've found

Well they say that time will tell
While that may be true
I can't seem to find the time
To be with you

I know, we could all live in the same town
Try for a change of pace
The place, well see if he remembers my face
I know, I work all day at the same job
Workin' for spare change
Livin' in space

Well they say that time will tell
While that may be true
I can't seem to find the time
To be with you

Someday I know
I hope it's true
We'll all go down
To where the skies are so blue

I don't know what I'd do without you
Where I would be now
If I hadn't found you

Well they say that time will tell
While that may be true
I can't seem to find the time
I can't seem to find the time
I can't seem to find the time
