

Moe., The Road

Al:

Well, I love the road
beneath my wheels
that brings you home
across the fields
and time again
it is my friend
well, I love the road
beneath my wheels

Rob:

Time flies
our time
never ever satisfied

Al:

Well I love time
behind the wheel
between the lines
of time will heal
broken dreams and empty words
primal screams and thoughts unheard
yes I love time
behind the wheel

Chorus (Al):

Time, time keep rolling on
I think I got one coming on
and I've got to get away from here
I gotta get myself back home

Time, time keep rolling on
I think I got one coming on
and I've got to get away from here
I gotta get back to the road

(simultaneously with Al's second verse) Rob:

Time flies
our time
never ever satisfied

(JAM)

Chorus (Al):

Time, time keep rolling on
I think I got one coming on
and I've got to get away from here
I gotta get myself back home

Time, time keep rolling on
I think I got one coming on
and I've got to get away from here
I gotta get back to the road

(simultaneously with both of Al's verses) Rob:

Time flies
our time
never ever satisfied

(Repeat 2x)
