

MoeDeLL, Lovely

Well i sit and waste away
Frustrated
A little bitter again
While this anticipation is working its way into me
So lovely
And I dont understand all the things that you can
Conjure up in your head see
Its spilling again
All on me
Its raining

It started so lovely today
Well i took out the guns
Well I blew it away
I cannot believe
That it lasted so long

See i tried to walk away
Couldnt make it
So i turned on the noose
Couldnt hang it
But you see
So lovely
And I dont understand all the things that i can
Conjure up in my head see
Its spilling again
All on me
Its raining

It started so lovely today
Well i took out the guns
Well I blew it away
I cannot believe
That it lasted so long
