

Molly Hatchet, Never Say Never

Rolling down this highway, for years it seems
Trying to chase that Rock 'n Roll dream
Ain't no way I'm gonna throw in the towel
I just keep pushing its just my style
Yes I'm a rockin I'll keep rollin
It doesn't matter if its up or down
The band is drivin music's surviving
It ain't over till we rock your town
I never say never I've been down before
I never say never just when you count me out
I'll be back for more
Just doesn't matter it keeps getting better
Don't try to tell me its time to come home
Just keep hitting it nothing else to do
Were do you live I'm coming for you
Yes I'm a rockin I'll keep rollin
Getting my kick till I get my fill
Ain't nothing to it just gotta do it
Making my music gonna fire at will
Chorus repeat
