

Molly Metal, Idaho

Let's make it tonight -
Let's make it tonight...
The luggage seems tired
and my radio's on fire.

Make it tonight -
why don't we make it tonight ?
The toilet seat looks used,
recap after you.

I don't know if they approve,
I was supposed to know,
I don't know, if I can go
when respiration's slow - tonight.

Let's make it tonight,
Let's make it tonight...
when a blue moon turns red,
I'll be gone to bed.

Make it tonight,
how can we make it tonight ?
Mmmm...
...but if we don't it's alright !

I don't know if they approve,
well I was supposed to know,
I don't know, if I can go,
to sleep in Idaho...
