

Moloko, Somebody Somewhere

Yeah yeah yeah yeah
You've got something to hide
The party is humming
Something there's something inside
Makes you act like you're slumming
All right I might give you a try
But I know that I'll live to regret it
Go on spin me a line
I have cause to expect it
Lead me then lead me astray
Romeos tend to have eyes that stray
What will you say? What will you say?
What will you say when I ask you to stay?
Someone somewhere
There's more to you than meets the eye
Someone somewhere
Someone somewhere you left behind
Sweet child learn to relax
It's already decided
Sit back don't tamper with fate
Our stars have collided
Would you dance with me baby
The party is swinging
Don't just whistle the tune
When you should be singing
Easy momaceeta
Lay down next to me
Inside there somewhere your spirit is free
Frigid little Bridget
Lay down next to me
You're shaking, you're waking
Your spirit is free
Someone somewhere
There's more to you than meets the eye
Someone somewhere
Someone somewhere you left behind
Someone somewhere
There's more to you than meets the eye
Someone somewhere
Someone somewhere you left behind
Your spirit is free
Your spirit is free, baby
Listen to me
Your spirit is free baby
Yes my spirit is free
It just won't let me be
I'm empty. I'm hungry
My spirit is free
Ready me. Ready me
Ready me to receive
I believe, I believe.
Yes my spirit is free
It just won't let me be
I'm empty. I'm hungry
My spirit is free
Ready me.
Ready me to receive
I believe, I believe, I believe
Your spirit is free
Your spirit is free, baby
Someone somewhere
There's more to you than meets the eye
Someone somewhere
There's more to you than meets the eye

Someone somewhere
There's more to you than meets the eye
Someone somewhere
There's more to you than meets the eye
Someone somewhere
Someone somewhere
Someone somewhere
Someone somewhere
Someone somewhere
Someone somewhere
Someone somewhere
