

# Mona, Lean Into The Fall

Here we go from town to town  
Set them up, I'll knock 'em down  
Another drink, Another round we go

I don't know which road to take  
Holding on, for heaven's sake  
Looking for the words to say to you

And I feel the push and pull  
Taste the flesh and lose your soul  
I'll think that I'll just let go to you

You gotta lean into the fall  
Lean into the fall  
Oh-oh

You gotta lean into the fall  
Lean into the fall  
Oh-oh

Oh I like the way she looks  
Hope she cleans and hope she cooks  
Take her home, a second look

Well is this sex or is it love  
Hoping you don't call my bluff  
Either way, you're something that I need

And I feel so justified  
Laying next to you tonight  
Hear the sound, it's calling out to me

You gotta lean into the fall  
Lean into the fall  
Oh-oh

You gotta lean into the fall  
Lean into the fall  
Oh-oh

No, I can't find you  
No, I don't want to

No, I can't find you  
No, I don't want to
