

# Monarchy, Disintegration (ft. Dita Von Teese)

And then, when there is just one woman left standing in the room  
Then she will be yours

Disintegration

You, you and me  
Hold our breath and count to three  
I want so much to give you my everything

Disintegration, suffocation  
My life is taken, my annihilation

Take my love for you  
Take my love for you  
Take my love for you  
Take my love for you

There's a fear inside of me  
Open up and take it slowly  
Less it's all my reality  
Imma be, Imma hard my heartbeat

I'm, I'm so afraid giving to you endlessly  
Look for for your touch  
Never have I died so much much

Disintegration, suffocation  
My life is taken, my annihilation

Take my love for you  
/4x

There's a fear inside of me  
Open up and take it slowly  
Less it's all my reality  
Imma be, Imma hard my heartbeat

Take my love for you  
/16x

Disintegration, suffocation  
My life is taken, my annihilation
