

Moneybrother, Can't Stop

I don't have a lot of trouble
Not at all
As I used to, oh no
And lately I've been thinking
Is it them or is it me

Could it be that I've been changing
And become
What I wasn't before
Was tired of getting nowhere
Ain't tired of that no more

You can't define
What happens
It's just time
That you can't stop

I don't have a lot of trouble
Not at all
As I used to, oh no
Lately I've been thinking
Is it all because of me

I've seen it happen to so many other guys
Baby, is it happening to me, oh no
Losing touch with my feelings
And getting colder now

You can't define
What happens
It's just time
Which you can't stop
