

Moneybrother, Nobody's Lonely Tonight

It's getting late and they want us to leave
You know by the way they stare
And girl just a word from you
And we'll be right out of here

And yeah you're right, I can't keep my hands from you
Tonight, I know that you don't want me to

You could tell by the way that we talk
We both know how this will end
It's true it won't really be love
And yeah girl, we'll both pretend

And yeah you're right, I can't keep my hands from you
Tonight, I know that you don't want me to

It just seems that nobody's alone tonight
Nobody's lonely but me
Everybody' asleep in somebody's arms
C'mon and put yours around me

And yeah girl you're completely right, I can't keep my hands from you
Tonight, I know that you don't want me to
