

# Monika Borzym, Tidal Wave

Pink, freely dreams  
Have never be my thing  
I don't believe in fantasies  
So tell me why are the stars in my eyes  
Did you fall from the sky?  
Did you fall for me?

I've been happy for  
And .. never more  
I rather be lonely  
Lonely, lonely

My longing high heights  
Behind the stubborn mind  
I have captured it ?  
And the locked keep  
But you have the key  
I cannot resist  
Did you fall from the sky?  
Did you fall for me?

So I'll take your hand  
If you help me land  
I'm gonna try fallin?  
Fallin?, fallin?

Pink, freely dreams  
Have never be my thing  
I don't believe in fantasies  
So tell me why are the stars in my eyes  
Did you fall from the sky?  
Did you fall for me?  
So I'll take your hand  
If you help me land  
I'm gonna try fallin?  
Fallin?, fallin?  
Fallin?, fallin?
