

Monika Brodka & Silver Rocket, Niagara Falls

Looking at water falling down
Never felt so strong and been so sure.
The power of Niagara Falls
Running through me changing point of view.
Oooh.The sky's the limit
It's something that I knew.
I can't be wrong.
The sky's the limit.
All my dreams and hopes come true.
My belief is strong.
World without limits
I know it won't be long.
Blazing sun,
Sunset sky show the future show the clue.
Days of toil and restless nights give hope,
Give me what's due.
Oooh.The sky's the limit
It's something that I knew.
I can't be wrong.
The sky's the limit.
All my dreams and hopes come true.
My belief is strong.
World without limits
I know it won't be long.
Oooh.The sky's the limit
It's something that I knew.
I can't be wrong.
The sky's the limit.
All my dreams and hopes come true.
My belief is strong.
World without limits
I know it won't be long.
