

# Monika Ferens, I'm Yours

If you wanna talk to me, just let me know  
If you wanna see me, just let it show  
I will go wherever you will go, go, go, go, go  
Im leaving you after this time  
But I will still have in my mind  
This feeling, this feeling  
That caught me since weve been here  
You can blame it on to society  
Cause I could never really fit in  
Unbearable, unbearable  
Couldnt stand the pressure thats why Im gone

[Chorus]

If you wanna talk to me, just let me know  
If you wanna see me, just let it show  
I will go wherever you will go  
Go, go, go, go, go  
You dont have to worry cause Im yours  
Im yours Im always here, of cours  
Oh the winters never been so cold  
Those trees never seemed so old  
Another night, another night  
Another sleepless night cause were away  
I will remember your smile  
How can I forget these eyes?  
Im leaving, but believe me  
Im here whenever you will call my name  
I will be there when you need a friend  
Im a shield, I will fight and defend

[Chorus]

People couldnt understand who I am  
It was so difficult to live in this town  
So Im walking away to find my peace of mind  
But you can always find me  
Cause Im yours

[Chorus]
