

# Monika Ferens, Lover In My Closet

No boy Im sorry I dont care  
That you feel hurt because of me  
I told you good bye just too many times  
I told you stupid things  
And stupid girl Ive faked  
And you still were coming back for more  
Thats just insane

[Chorus]  
Even if youd change vulcanos into glaciers  
Specially for me  
I wouldnt even look at your side, baby  
Even if youd chain me endlessly to your heater  
And your bed  
I couldnt enjoy your ride anymore  
Even if we were together  
It wouldnt ever last forever  
You would always find me naked  
With lover in my closet  
Oh boy the circus you show makes  
me shut up and ha ha ha  
I dont even know what else I can say  
When I observe you talk  
Then I just wanna walk  
Away cause you got me puke and faint  
Im allergic to you

[Chorus]  
Whooaaa!!!  
A lover in my closet  
He stands between your pullovers  
And hes not the only man  
Cause there were couple before him  
Youd find some sceletons deep inside  
Cause Im cheating on you from the start  
Guess Im never gonna stop  
Inviting lovers to my flat  
Cause baby  
Youre not worth deserving me  
You keep on wasting time to see  
In how bad mood you put me in  
You should had given in  
1,2,3 counting days  
To get you out of my ways  
Honey Im so sick of you  
Dont you wanna make it through?  
Yeah, yeah, yeah, yeah, yeaaa  
Im not with you and I am never going to be  
Find another naive girl and leave  
[Chorus]  
Dumbass!!
