

# Monika Ferens, Obsession

You dont even know my name  
But I know yours  
Youve never seen my face but I saw yours of course  
But who can help me forget of you  
If help you do?  
Maybe it aint real after all  
Maybe youre not real after all  
[Chorus]  
If you hear me calling your name  
Come find me and save me from my obsession  
(Obsession, obsession)  
My obsession  
(Obsession, obsession)  
My obsession  
Seems to me I need you to live  
While you dont need me no  
How can I explain myself you should mean no more?  
How can I let go of this dream Im in?  
Let me in to your dream  
Guess I wish you werent real  
But at once I want you to be here  
[Chorus]  
Lie to me, break my heart  
Just cure me from my obsession  
Hate me, scout me  
I crave this pain to be real  
I crave this pain to be real  
But I wish you werent true all along  
[Chorus 2x]  
3x Obsession, obsession  
My obsession  
Obsession, obsession  
My obsession
