Hes a song written by the lonliest man
The melodys beautiful
But the lyrics wont ever be heard for me
Id give up everything just to sing it on my own
But I cant and I will ever not
Hes a story thats forbidden to tell anyone
Too many sorrow chapters
Which even the toughest man wouldnt stand
Id cry a river only to hear just one short fragment
But I cant and I will ever not
But after all hes a part of my wicked life
But after all hes a part of my wicked life
Hes banned for me
I cant have him for myself
He belongs to the world
And I cant get even a part of him
But after all hes a part of my wicked life
But after all hes a part of my wicked life
But after all hes a part of my wicked life
But after all hes a part of my wicked life
